

Student Governing Council *University of Kansas Medical Center*

Dorothy Knoll, Ph.D.
Dean of Students
University of Kansas Medical Center
Kansas City, KS 66160

April 7, 2005

Dear Dean Knoll,

Thank you for attending the Student Governing Council meeting on April 6, 2005 to present the proposed fee increase for the Student Health Center. This letter serves as a summary of our meeting.

The proposed Student Health Center fee increase was approved by the Student Governing Council by a vote of 10 to 4. Medical student representatives were the only group that did not strongly support the proposal. They stated that a better plan was needed for the money generated by the fee increase and sent to the Wichita campus. However, most students said the plan was reasonable and would serve to meet their current needs. In addition, the Students for Student Health Committee strongly supported the proposed fee increase.

Thank you for your dedication and hard work in improving the quality of life for students on campus. The Student Governing Council looks forward to working with you in the future to address other student needs.

Sincerely,

Teresa Orth
Co-President
Student Governing Council
